PROFILE

Frontend Developer specializing in React.js and Next.js with experience in building scalable, high-performance web applications. Proficient in REST API integration, state management, and responsive UI development. Experienced in AI-integrated systems, secure authentication (JWT), and performance optimization. Passionate about developing production-ready applications with real-world impact.

PROJECTS

02/2026

Secure File Storage System Website

React.js, Node.js, MongoDB, AES, RSA, JWT, bcrypt

- Built a secure full-stack file storage platform using React, Node.js, and MongoDB, implementing AES-RSA.
- Implemented hybrid encryption using AES for file encryption and RSA for secure key management.
- Integrated JWT authentication with bcrypt password hashing and role-based access control.
- Ensured data confidentiality and protection against unauthorised access through encrypted storage.

11/2025 – 12/2025

Restaurant Automation Website

React.js, JavaScript, CSS, Node.js

- Created a table-based food ordering and reservation system supporting 10+ tables and menu items.
- Developed a responsive frontend application using React.js, JavaScript (ES6+),CSS
- Optimized UI/UX, performance, improved performance 20% and cross-device responsiveness

12/2025 – 01/2026

Jewellery E-Commerce Website

React.js, Tailwind CSS, JavaScript,UI Design

- Implemented product listings with a focus on UI/UX, performance, and mobile responsiveness.
- Designed a responsive e-commerce frontend using React.js and Tailwind CSS.

WORK EXPERIENCE

10/2025 – 01/2026
Gurugram, India

Frontend Developer Intern

Graphura India Pvt. Ltd.

- Developed scalable and responsive user interfaces using React and Tailwind CSS, improving cross-device.
- Integrated REST APIs, managed state with Hooks & Context API, and optimised performance.
- Delivered clean, reusable, production-ready frontend solutions.

11/2025 – 01/2026
Remote, India

AI Web Developer Intern

Infosys Springboard Pvt. Ltd.

- Built an AI-based assistive mobility solution for visually impaired users using computer vision.
- Applied machine learning techniques for real-time object detection and navigation support.
- Worked with Python and AI tools for model development and optimization.
- Improved system performance through data processing and model tuning.
- Completed project deliverables in a deadline-driven environment with strong problem-solving skills.
- Used Python and AI frameworks for development and optimization.

EDUCATION

2024 – 2026
(Pursuing)

Master's of Computer Applications

Lovely Professional University, Phagwara, Punjab

2021 – 2024

Bachelor's Of Computer Applications

Chhatrapati Shahu Ji Maharaj University, Kanpur

SKILLS

Hard Skills

Programming languages: C, C++, Python, JavaScript (ES6+)
Frontend: HTML5, CSS3, React.js, Next.js,Tailwind CSS, Bootstrap
Backend: Node.js, Express.js, MongoDB, Postman
Concepts: REST APIs, Authentication (JWT), Encryption (AES, RSA), State Management, Responsive Design
Tools: Git, GitHub, VS Code, Figma,Vercel, Compass

Soft Skills

Communication, Problem-Solving, Collaboration, Time Management, Attention to Detail, Adaptability, Quick Learning

LANGUAGES

English

Hindi
