CAREER OBJECTIVE

MCA graduate (2026) seeking an entry-level opportunity in the IT industry to apply my technical knowledge, problem-solving skills, and hands-on experience. Experienced in software development, web technologies, cybersecurity, and AI-based applications, with practical exposure through internships and projects including Sentinel AI, a live B2B SaaS platform. Open to suitable entry-level opportunities across IT and related roles, and immediately available to join full-time. Eager to contribute, learn, and grow with a growth-oriented organization.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, Python, SQL, C++, C
- **Frontend:** React.js, Next.js 15 (App Router, SSR/SSG), HTML5, CSS3, Tailwind CSS, Bootstrap, Framer Motion, Vite, Responsive Design, Web Performance Optimisation
- **Backend & Database:** Node.js, Express.js, REST APIs, Django, Microservices, PostgreSQL, Supabase, MongoDB, Database Indexing, Row-Level Security, PostgreSQL Triggers
- **Security, Authentication & Cloud:** JWT, OAuth 2.0, RBAC, Clerk, bcrypt, AES-256, RSA, Vercel, Render, CI/CD
- **AI, Testing & Tools:** Google Gemini AI, TensorFlow, OpenCV, k6 Load Testing, Unit Testing, Postman, Git, GitHub, Figma, Debugging & Troubleshooting
- **Core CS:** Data Structures & Algorithms, OOP, System Design, DBMS, Operating Systems, Computer Networks, SDLC, Agile/Scrum
- **Soft Skills:** Communication, Teamwork, Problem Solving, Adaptability, Time Management, Ownership, Attention to Detail, Critical Thinking

PROJECTS

Sentinel AI — AI-Powered EASM SaaS | sentinel-ai.me

Next.js 15, TypeScript, Node.js, Supabase/PostgreSQL, Clerk, Gemini AI, Dodo Payments, Vercel + Render

- Independently designed the full system architecture and built a production B2B cybersecurity SaaS (EASM) with real paying subscribers, live Dodo Payments webhooks, subscription gating, and a Clerk-authenticated REST API backend.
- Engineered an AI Deploy Patch Engine (Gemini AI) for contextual remediation plans auto-resolving via PostgreSQL triggers; conducted k6 load testing at 1,000 VUs across 35+ endpoints, sustaining a 100% success rate at 500 concurrent users.

Jewellery E-Commerce Website | *React.js, Tailwind CSS, Framer Motion, UI Design* | [Link](#)

- Built a modern jewellery e-commerce platform with product listings, detailed product views, and a seamless shopping experience across devices.
- Designed responsive layouts and interactive UI components with Framer Motion animations to enhance user engagement and product presentation.

Restaurant Automation Platform | *React.js, Node.js, REST APIs, MongoDB* | [Link](#)

- Built a mobile-first full-stack platform with code splitting and optimised state management, achieving 20% faster page rendering.

INTERNSHIPS / TRAINING

Frontend Developer Intern — Graphura India Pvt. Ltd.

Oct 2025 – Jan 2026

Remote | React.js, TypeScript, Tailwind, Axios, React Query, REST APIs, Agile/Scrum

- Architected 20+ scalable, reusable React.js components with responsive design, reducing cross-device UI defects by 35%; led RESTful API integration cutting data-fetch latency by 30% across 6 Agile sprints with zero critical regressions.
- Participated in code reviews and debugging sessions; authored component-API documentation that accelerated onboarding.

Software Developer Intern — Infosys Springboard Pvt. Ltd.

Feb 2026 – April 2026

Remote | React.js, Python, TensorFlow, OpenCV, REST APIs, Cloud Deployment

- Spearheaded end-to-end development of an AI-powered accessibility platform for visually impaired users, integrating real-time object detection (OpenCV + TensorFlow) via a Python REST API into a React.js frontend; deployed to production.
- Optimised the ML inference pipeline via batch-processing and hyperparameter tuning, reducing model latency by 25% (<200 ms/frame); implemented error handling, debugging workflows, and integration test cases for critical API endpoints.

EDUCATIONAL QUALIFICATIONS

Master of Computer Applications (MCA) — Lovely Professional University, Phagwara, Punjab

2024 – 2026

Dissertation: Sentinel AI — EASM Platform (Live, Production-Deployed)

Bachelor of Computer Applications (BCA) — Chhatrapati Shahu Ji Maharaj University, Kanpur

2021 – 2024

CGPA: 8.0 / 10

CERTIFICATIONS & ACHIEVEMENTS

- Software Developer Internship — Infosys Springboard
- Google Cloud Arcade — Legend (2026), Trooper (2025) | Google Cloud Skills Boost

LANGUAGES

English, Hindi
